Fort St. George, July 30, 1923 (G.O. Mis. No. 676, Finance).

No. 169.—The following resolution of the Government of India is republished :—

FINANCE DEPARTMENT.

Simla, the 11th July 1923.

No. 580-A.—Under the existing rules governing the grant of advances for the purchase or building of houses, a Government servant who obtains an advance is required to satisfy the sanctioning authority regarding his title to the land and house or to the land upon which the house is proposed to be built. It has been brought to the notice of the Government of India that some doubt exists as to the stage at which the applicant's title to the property should be examined (whether before or after the advance is paid) and also as to the authority who should examine the title-deeds.

2. On the advice of the Auditor-General, the Government of India have decided that the applicant's title to the property should be examined by Government law officers before the advance is actually paid. It is to be seen that in the case of a house building advance he has undisputed title to the land on which it is proposed to build and that in the case of an advance for the purchase of a house, he will obtain such title as soon as the purchase price is paid ; that there will be no legal obstacle in either case to the property being mortgaged to Government, and that Government will have the right of foreclosing on the conditions mentioned in the mortgage bond.

Fort St. George, August 7, 1923.

In Regulation 7 (1) (iii) *for* the figure '11 (A)' the figure '12' shall be substituted.

In Regulation 20, after the words 'polling agent' the words 'or any public servant' shall be inserted.

The following regulations shall be substituted for Regulations 34 to 43 :—

Postal voting.

"34. Regulations 35 to 43 shall apply to the eight constituencies excepted by Regulation 11. No elector of these constituencies shall be allowed to vote in any other way than is provided in these regulations.

35. Not less than fifteen clear days before the date fixed for the poll, the Returning Officer shall issue through the post a declaration paper and a ballot paper to each elector to the address entered against his name in the electoral roll, unless the elector has, since the publication of the roll, changed his address and intimated the fact in writing to the Returning Officer.

36. The declaration and ballot paper shall be in Form VIII. It shall be printed in such language as the Local Government may by an order direct. The same serial number shall be entered on the face of the declaration paper and on the back of the ballot paper. To each elector shall be issued the declaration paper and the ballot paper whose serial numbers correspond to the number which the elector bears on the electoral roll.

37. Before the ballot paper is issued to an elector, the Returning Officer shall—

(a) have the name of the elector entered on the declaration paper and initial the ballot paper on its back, and

(b) place a mark against the name of the elector concerned in the electoral roll, or the copy of it, used for the purpose of the election.

38. With the ballot paper, the Returning Officer shall send a cover addressed to himself in Form IX, an envelope with the number of the ballot paper entered on its face and a letter in Form X. The Returning Officer shall have the number of the ballot paper entered at the left hand bottom corner of the cover in Form IX.

39. Each elector, upon receipt of his ballot papers, if he desires to vote in the election, shall sign the declaration in the declaration paper and record his vote on the ballot paper by placing a mark against the name of the candidate or candidates of his choice.

40. The elector shall then enclose the ballot paper in the envelope and stick it up and enclose the envelope and the declaration paper in the cover and send the cover by registered post to the Returning Officer so as to reach him not later than the day and the latest hour fixed for the poll. The covers received after such day and hour shall be rejected :

Provided that, at his option, the elector may deposit the cover in a ballot box which shall be provided at the office of the Returning Officer on the day and during the hours fixed for the poll.

41. (1) If an elector is incapacitated from blindness or other physical cause, from voting in the manner prescribed above, it shall be competent for him to record his vote by the hand of any of the officers or other persons mentioned hereunder : and such officer or other person shall, on the declaration paper, certify the incapacity and attest the fact of his having been requested by the elector to mark the voting paper for him, and of its having been so marked by him in the presence of the elector.

(2) The following officers or other persons are empowered to attest votes of incapacitated electors under this regulation :—

(i) District and taluk board members and municipal councillors.

(ii) Gentlemen who bear a title conferred or recognised by the Government of India.

42. An elector who has not received his ballot and connected papers sent by post or whose papers before their despatch back to the Returning Officer, have been inadvertently spoilt in such manner that they cannot be conveniently used, or who has lost his papers may, on his transmitting to the Returning Officer a declaration to that effect signed by himself, require the Returning Officer to send him new papers in place of those not received, spoilt or lost, and, if the papers have been spoilt, the spoilt papers shall be returned to the Returning Officer, who shall cancel them on receipt. In every case when new papers are issued, a mark shall be placed against the number of the elector's name in the roll to denote that new papers have been issued in place of those not received, spoilt or lost.

43. No election shall be invalidated by reason that an elector has not received his ballot paper provided that a ballot paper has been issued to him in accordance with these regulations."

In regulation 44, the word 'ten' shall be substituted *for* the word 'seven.'

In Regulations 45 (1), 53 and 54, *for* the words 'Rule XII' the words 'Rule 14' shall be substituted.

In Regulation 48 (a) (ii) and in the forms appended to the regulations, the expressions 'ballot paper' and 'ballot papers' shall be substituted *for* the expressions 'voting paper' and 'voting papers' respectively, wherever they occur.

Fort St. George, August 2, 1923 (G.O. No. 1701, L. & M.).

No. 678.—The question has been raised whether taluk boards can retain and manage public markets situated within union board limits in cases in which the markets belonged to or were vested in them under the Madras Local Boards Act IV of 1884. It is contended that under section 236 of the Madras Local Boards Act, 1920, the right of ownership and management of such markets continues to vest in the taluk boards. But this section must be read with other provisions of the Act and under section 183 and rules 1 B (3), 1 C (4) and 5 C (6) of Schedule V of the Act it is the union board and not the taluk board that can exercise supervision and control over and levy fees in public markets within union limits. Only the rights of property in markets owned by taluk boards in unions will therefore continue to vest in taluk boards but the taluk boards will have no right to their management or control. Further under section 171, a taluk board cannot continue to keep a market in a union without a licence from the union board.

2. The position is anomalous and the Government consider that markets in unions should vest exclusively in the union boards concerned. Under section 236 they accordingly direct that all public markets owned by taluk boards in unions shall vest in the union boards within whose limits they are situated. Under rule 5 C (6) of Schedule V, however, a taluk board is entitled to one half of the income from a weekly market in a union in excess of Rs. 500 a year.

3. The Government are advised that an annual cattle fair is a 'market' within the meaning of the Madras Local Boards Act, 1920. If it is situated within a union area it will under the direction made in paragraph 2 above vest in the union board even though it belonged to the taluk board under the old Act. The income derived from such annual fairs should be credited wholly to union funds since under rule 5 C (6) of Schedule V to the Act only the income from a *weekly* market exceeding Rs. 500 in any year is to be shared equally between the union board and the taluk board.

Fort St. George, July 24, 1923 (G.O. No. 1243, P.H.).

No. 679.—The Government approve the Director of Public Health's proposal that District Health Inspectors should wear while on duty a uniform of the following pattern :—

(1) Khaki open coat,
(2) Khaki shirt 'o' collar,
(3) Khaki tie,
(4) Khaki turban with lace border,
(5) Khaki shorts,
(6) Khaki stockings,
(7) Brown boots.

2. Municipal councils and local boards are advised to adopt the same pattern of uniform for the permanent sanitary inspectors in their employ.

3. In modification of the orders in G.O. No. 1129 L., dated 2nd October 1905, the Government direct that the cost of the uniform should be borne by the officers themselves and they should make their own arrangements for its supply and renewal.

* Candidates for the Advanced examination in design should state in their applications whether they select to be examined in "Wall and window decoration," or in "Wood-carving and furniture," or in "Pattern designing for textile fabrics," or in "Gold and Silversmith's work."

† Candidates bringing up Painting should state in their applications, if for the *Intermediate* grade, whether they desire to be examined in water colour (segni), or oils, or keepers in the *First Art*, and if for the *Advanced* grade, whether they desire to be examined in oils or water colours in the *First and Third* tests.

‡ Candidates bringing up Cotton weaving (Elementary grade) should state in their applications whether they desire to be examined on the Salem or the European hand-loom.

§ For Free-hand Outline Drawing (Elementary and Intermediate grades), Design (Elementary grade), Geometrical Drawing Elementary and Intermediate grades) and Painting (Elementary grade).

‖ For Females only.

N.B.—Should the number of candidates who have applied to be examined at any one of the above centres fall short of fifty, the candidates that selected that centre must be prepared to proceed, at their own expense, to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned.

If a candidate who belongs to one Native State selects a centre in another Native State, he should submit his application for admission to the examination through the educational authorities of the State to which the centre selected belongs, so that they may have an opportunity of disallowing the selected centre and directing the candidate to select a centre in the State of which he is a resident. When objection is not taken, candidates may conclude that their names will be registered for examination at the centres mentioned by them in their applications.

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application, *which must inevitably be the place where he is employed or ordinarily resides, or should at not be a centre, the place nearest to it where the examination is held.* A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination cancelled.

4. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examination in any of the subjects mentioned, at any other place, if he is satisfied that not fewer than *fifty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 20th August. Ordinarily, however, only one place will be constituted a centre for each district.

5. The oral and practical examinations in such subjects as require them will be held at these places only where satisfactory arrangements can be made for the conduct of such examinations.

N B —*To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the written examinations, candidates are recommended to refer to Part I-B of the* Fort St. George Gazette, *from time to time.*

6 Candidates whose examinations, either written or oral and practical, cannot be arranged for at any place must, at *their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that their institution has been recognised by competent authority as fitted to impart instruction in the *Technical* subjects and for the grades in them brought up by their *pupils.*

N.B.—Heads of institutions recognised for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for any of the Technical examinations.

8. All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, no applications of any *private* candidates being enclosed with these applications.

9. Each candidate must, wherever the syllabus requires it, submit, before the 31st August, the necessary drawings, plans, surveys, field books, estimates, or other 'certified works.' Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are specially warned that no certified works will be valued by examiners unless the certificate of authorship is quite satisfactory and specifies clearly the period of time occupied in the execution of each work and unless the examiners are satisfied as to the identity and qualifications of the persons granting the certificates. Further, if any suspicion attaches to any certified works submitted by pupils from Technical schools, the Commissioner will be compelled to recommend to the authority concerned the withdrawal of the departmental privileges enjoyed by the schools. Private candidates whose certified works are in any way suspected by the examiners will be liable to have their examinations invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawings, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. Also, on the outside of each roll for each subject, each candidate should enter the following particulars in ink :—

(1) Name of candidate;
(2) Place of examination;
(3) Subject;
(4) Grade; and
(5) Total number of drawings in each roll.

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and *not rolled* up with the drawings, etc.

* A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms so that they reach the Commissioner's office on or before the 31st August, after which date no application will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

NOTE.—Candidate who is desirous of being examined through the medium of a vernacular in any subject should specify in column 9 of his application the language (e.g., Tamil, Telugu) through the medium of which he wishes to be examined.

11. Candidates in the mufassal should obtain the required application forms from the treasury of the taluk in which they are resident or of the district to which they belong. Candidates in the Native States of Mysore, Hyderabad, Travancore and Cochin should obtain them from the Resident's Treasury. Candidates who are residents of Madras should apply for application forms at the Office of the Commissioner for Government Examinations, Cathedral P.O., Madras, and not to the Collector of Madras.

N.B.—No notice will be taken of any application from candidates in the mufassal requesting to be supplied with application forms from this office.

12. The following is the scale of fees to be paid by candidates for admission to the examinations:—

	Elementary.	Intermediate.	Advanced.
	Rs.	Rs.	Rs.
For each subject	3	5	10

N.B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid in every case into a Government treasury or, if at Madras into the Imperial Bank of India, and the receipt given by the Treasury Officer or the Imperial Bank of India attached to the application, which must in every case reach the Commissioner's office on or before the 31st August. *In no account will the fee be received in the Commissioner's office, whether sent in cash or by Post Office order. No application will be registered unless it reaches the Commissioner's office by the date prescribed.*

NOTE.—*At Madras, in the case of all guests, the fee should be collected by the Headmaster and sent in a lump sum to the Imperial Bank of India at Madras together with two lists of the pupils, one of which will be retained by the Bank and the other signed and returned to the Headmaster. This latter list should be forwarded to this office along with the applications of the candidates. The necessary forms for this purpose will be supplied by this office to Headmasters on application.*

14. Each application should be sent direct to the undersigned, post-paid, superscribed and addressed as follows, the receipt for the fee paid *being securely fastened to it.*

☞Candidates are warned that the application itself *should not be enclosed* with any drawings, plans, surveys, field books, estimates, or other 'certified works' that may be sent, but should be submitted in a separate cover.

[*Application for admission to the Government Technical Examinations.*]

To

The Secretary to the Commissioner for Government Examinations,
Cathedral P.O. (Madras).

N.B.—Candidates anxious to assure themselves that their applications have been received should enclose *an addressed post-card* to their respective applications. The post-card should bear the reader's address only and no other writing. Such post-cards will be returned to them in due course with the 'Received' stamp of the office impressed upon them. No other form of acknowledgment except that required by the Postal rules regarding registered covers can possibly be given nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. *Insufficiently stamped covers will be rejected.*

15. Candidates should write their names, their father's names and their house names, *distinctly* and *in full* in their applications and give their *address in full* also, if 'Other Hindus', they should state in column 3 of their applications whether they are 'Non-Brahman Caste Hindus' or 'Adi-Dravidas.' Applications which are irregular or defective in any particular will not be taken notice of.

NOTE.—The occupation of professions of candidates, or the appointments held by them should invariably be stated—in full—in column 10 of their applications.

16. *The fee paid will, in no case whatsoever, be refunded, nor will it be reserved for a subsequent examination. Neither will any excess fee that may have been inadvertently paid be returned. Candidates are warned to study the notification carefully and satisfy themselves, before remitting their fees, that they fulfil the prescribed conditions of admission to the examination and that they can, if necessary, proceed, at their own expense beyond the limits of the examination centre selected by them, for the purpose of undergoing the Written or the Oral and Practical examinations.*

17. Candidates for the Intermediate or Advanced examinations whose names have already been published in the Gazette as having passed a particular stage or stages in subjects in which the examination is divided into stages, or as having passed the Intermediate (into preliminary) where the examination is of two grades—Intermediate and Advanced—must in their applications mix the date and page of the Gazette in which their names appear and their number in the list of successful candidates.

18. The examinations in the subjects under 'Drawing, etc.,' will be conducted in the order of time and subjects set forth in the following table. *Candidates will not be allowed to come up in more than one of the subjects bracketed together for the same time on the same day in the table below, or for more than one grade of examination in the same subject in the same year.*

The right to collect nux vomica seeds in all the Government reserved forests and unreserved lands except those of the Sriharikota range of the Nellore district will be sold in public auction on Wednesday the 22nd August 1923 at Nellore by the District Forest Officer, at 2 p.m.

2. The lease will be for a period of one year commencing from 1st September 1923 to 31st August 1924.

3. No person will be allowed to bid at the auction unless he has previously deposited a sum of Rs. 500 as earnest money. Except in the case of recognized firms of some standing, every person who has furnished the above deposit should further produce a certificate as to his solvency duly signed by the Tahsildar or Deputy Tahsildar within whose jurisdiction such person ordinarily resides or owns properties before any sale can be confirmed in his name. No person will be allowed to bid for another or for himself and others unless he holds a power-of-attorney duly executed in his favour authorizing him to bid on behalf of such other person. The deposits of all unsuccessful bidders will be returned to them soon after the sales are over, while that of the successful bidder will be retained.

4. All sales are subject to the confirmation by the District Forest Officer and the Conservator of Forests, III Circle, Madras, as the case may be, who reserve to themselves the right of rejecting any bid without assigning any reasons for so doing.

5. The sale list shall be signed by the highest bidder of every lease immediately after the sale is knocked down in his name, and a certificate should also be appended thereto by him to the effect that he has read and understood the terms of the sale notice and that he agrees to abide by them.

6. The lease amount will be paid as follows in four instalments :—
(1) First instalment within fifteen days of the order confirming the sale.

(4) Fourth instalment on or before the 15th May 1924.

7. As soon as the sale is knocked down the difference between the amount of two instalments (as fixed in each case) if that exceeds Rs. 5 0 and the deposit of Rs. 500 made before the commencement of the sale as per clause 3 of the sale notice must be paid by the successful bidder and this sum with the deposit of Rs. 500 already made will be held on deposit and credited towards the last two instalments. If in the meanwhile there is a default in the payment of any instalment, the amount would be credited from the security at once and a resale held.

8. An agreement shall also be executed by every successful bidder within fourteen days from the date of receipt by him of the order announcing the sale in the prescribed form which can be seen at the Forest Range, Division or Circle office, during office hours. Unless and until the security deposit is furnished and the agreement executed as above, no contractor will be allowed to commence work in respect of this contract. The security deposit may be in Post Office Savings Bank or in Government Promissory Notes.

9. In case the successful bidder of any lease fails to furnish the security deposit or to execute the agreement referred to in paragraphs 7 and 8 above, such lease will be re-sold at the risk and cost of such bidder who will not only forfeit any deposits already furnished by him but will also be liable for the loss, if any, occurring by the re-sale. He will not however, be entitled to the profit, if any, that may result from the re sale. Any removal of produce by the contractor or his heir or agent before the execution of agreement will be treated as an offence punishable under the Forest Act.

10. Interest at 6 per cent will be collected on all overdue payments.

11. Intending bidders may obtain at any time any further particulars regarding the sales at the District Forest Office concerned.

(b) Government reserve the right to early burn any part or all of the area in reserved forest covered by the lease whenever it is found necessary to do so as a preventive against fires, and no compensation will be granted for any loss sustained by the lessee through such early burning.

13. Intending contractors are advised that a license will probably have to be procured under the Indian Poisons Act XII of 1919 before collection starts.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Report of the Select Committee on the Bill further to amend the Land Acquisition Act, 1894, for certain purposes was presented to the Legislative Assembly on the 16th July 1923:—

We, the undersigned, Members of the Select Committee to which the Bill further to amend the Land Acquisition Act, 1894, for certain purposes was referred, have considered the Bill, and have now the honour to submit this our Report, with the Bill as amended by an amendment thereto.

2. We have made only three substantive amendments in the Bill, and to these we proceed to refer in detail. The remaining amendments are merely of a consequential nature.

Clause 1.—In view of the fact that some time must necessarily elapse after this Bill becomes law before its provisions are widely known, we consider it necessary to insert a commencement clause under which the Government of India will be able to bring the Act into operation as soon as is conveniently possible.

Clause 3.—The only object of the amendment which we have introduced in sub-section (*c*) of the proposed new section 5-A is to make it clear that the Collector shall be entitled to make any informal inquiries which he considers necessary before or after hearing the objector. A further suggestion was made in regard to this clause that the Collector should be aided by assessors in any case in which the objector might so require. We have considered this suggestion with great care, and have by a majority rejected it for various reasons, amongst others on the grounds that in a large number of

cases it would be a practical impossibility to obtain assessors who would be both willing and qualified to act, and that such a provision would introduce undue delay into proceedings which are intended to be summary and not of a strictly judicial character.

Clause 6.—Section 17 of the Land Acquisition Act, 1894, provides a means by which, in certain cases of urgency, possession can be taken of land otherwise than under section 16, that is to say, before the award under section 11 has been made. The amendments which the Bill makes by clauses 2 and 3 would, however, ordinarily have the effect of postponing by six weeks at least, and probably by a longer period, the date on which possession might otherwise be taken under section 17. Clause 6 of the Bill as drafted proposed to mitigate the consequent inconvenience in the cases referred to in sub-section (*1*) of section 17 by permitting possession to be taken immediately after the publication of the notice referred to in section 9 of the Act. It has been suggested to us, however, and we fully agree, that even in those cases the difficulty would not be adequately met, whilst in the even more urgent cases referred to in sub-section (*2*) of section 17 of the Act the Bill made no attempt to meet the difficulty at all. We have accordingly amended that, in a manner which the Local Government is satisfied that the provisions of section 17 can properly be made it shall have power to direct that the provisions of section 5-A which allow time for objections to be filed and heard, shall not apply. In the case, however, where land is being acquired for a company, sections 36, 40 and 41 of the Act will continue to apply. These sections require the Local Government to be satisfied after an inquiry that the acquisition is needed for the construction of a work which is likely to prove useful to the public.

3 The Bill was published in the *Gazette of India*, dated the 14th July 1923.

4 We think that the Bill has not been so altered as to require re-publication, and we recommend that it be passed as now amended.

* Subject to note of dissent.

NOTE OF DISSENT.

We have signed the report, because we think that the Bill, so far as it goes, is on the whole a decided improvement on the existing Act. But we do so, subject to our note of dissent, inasmuch as the Bill, such as it is, affords only a half-measure of relief. While the Bill recognizes the importance of an inquiry as to the objection to the acquisition that may exist on the part of a person interested, it does not, to our mind, make adequate provision for anything beyond the representation of the official view of the situation to the Local Government. We believe that so far as the preliminary inquiry as to the suitability or otherwise of the land to the purpose of the acquisition, as to whether the purpose, put forward for the acquisition, is a public purpose or not, within the meaning of the Land Acquisition Act, and as to other incidental questions that may present themselves for consideration at the early stages of the proceedings before any declaration is made under section 6 of the Act, is concerned, the provision made in the Bill, does not go far enough to meet the grievances of the public which, to our mind, are very real indeed. Apart from the question of errors of judgment on the part of the officers or the Department entrusted with the acquisition of land, various other incidental questions arise, at this stage, which, under existing conditions, cannot receive adequate consideration at the hands of the Collector or of the Local Government. The importance of a satisfactory decision of such questions at this early stage where objections of a substantial character to the proposed acquisition really exist, cannot, to our mind, be over-estimated, because if a declaration under section 6 of the Act is once made, the injustice, if any, that may come into existence before this stage is reached, is likely to be perpetuated; and it cannot be set right at any subsequent stage of the proceedings under any circumstances whatsoever. No doubt, the Government can withdraw from the proceedings under section 48 of the Act, but there is no machinery provided by the Act which a party aggrieved can set in motion after a declaration has been made under section 6 of the Act in order that he may bring his grievances to the notice of the Local Government for redress. The incidental questions which present themselves for solution at this early stage are heard and determined in England, if we are not much in, by two Justices of Peace, under certain circumstances. This means that such questions are decided there by persons who are acquainted with local conditions. It may be taken as probable that the report of the Collector, containing his conclusions, based upon his inquiries and the evidence taken by him as provided in the Bill, will not, generally speaking, fail to be tinged largely by the official view of the case; and bearing in mind, as we do, the fact that the grievances of a party interested, resulting from an insufficiency of inquiry at this stage, will remain beyond all remedy after a declaration under section 6 of the Act is once made, we have ventured to suggest that in contested cases, the Collector, when so required by an objector, should make the inquiry with the aid of two assessors—one of whom is to be appointed by the Local Government and the other by the objector, the cost of the latter being paid by the objector himself. This will tend to ensure the consideration of all sides of the question by the Local Government with whom the final decision of the questions at issue will rest, to a larger extent than under the scheme of the present Act. The procedure suggested by us will go to keep down unnecessary applications for the

appointment of such assessors, and to reduce to a minimum the number of such inquiries, with the result that inquiries of an elaborate character will be confined to cases of real importance alone. It is expected that so far as lands proposed to be acquired in rural areas are concerned, the applications for inquiry by the Collector with the said assessors will be but few, if any at all; and that the demand for such inquiries will in practice be mainly confined to congested urban areas and certain rural centres. We do not, therefore, apprehend that the adoption of the course suggested by us, will give rise to any appreciable practical difficulty in the administration of the Act. Even assuming that it may result in slight inconvenience to the District administration, the amount of justice, that may be expected to follow the procedure we have suggested herein, will more than counterbalance the inconvenience, if any, that may be foreshadowed.

As to the determination of costs payable by an objector we think the matter may be left to rules to be framed under section 55 of the Act.

The following Bill was introduced in the Legislative Assembly on the 16th July 1923 :—

No. 30 of 1923.

A Bill further to amend the Indian Electricity Act, 1910.

IX of 1910. WHEREAS it is expedient further to amend the Indian Electricity Act, 1910; It is hereby enacted as follows :—

Short title. 1. This Act may be called the Indian Electricity (Amendment) Act, 1923.

IX of 1910. Insertion of new section 28A in Act IX of 1910. 2. After section 28 of the Indian Electricity Act, 1910, the following section shall be inserted, namely :—

"28A. The provisions of sub-sections (3) and (4) of section 18 and of the *Explanation* thereto shall apply in the case of any aerial line placed by any railway administration as defined in section 3 of the Indian Railways Act, 1890, as if references therein to the licensee were references to the railway administration."

IX of 1890. Application of section 18 to aerial lines maintained by railways.

STATEMENT OF OBJECTS AND REASONS

The object of the Bill is to extend to railway administrations the privileges conferred on licensees by section 18 (3) of the Indian Electricity Act, 1910 (IX of 1910), in respect of the removal of trees that endanger aerial lines. At present a railway possesses no facilities for arranging for the removal of trees not growing on its land which may obstruct or be dangerously near an electrical transmission line, and it is desirable that railways should be put on the same footing, in respect of the removal of such trees, as are licensees under the Act.

The 7th July 1923.

The following Bill was introduced in the Legislative Assembly on the 16th July 1923 :—

No. 31 of 1923.

A Bill further to amend the Indian Ports Act, 1908.

XV of 1908. WHEREAS it is expedient further to amend the Indian Ports Act, 1908; It is hereby enacted as follows :—

Short title. 1. This Act may be called the Indian Ports (Amendment) Act, 1923.

XV of 1908. Amendment of section 6, Act XV of 1908. 2. In sub-section (2) of section 6 of the Indian Ports Act, 1908 (hereinafter referred to as the said Act), after clause (*e*) the following clause shall be inserted, namely :—

"(*ee*) for regulating the manner in which oil or water mixed with oil shall be discharged in any such port and for the disposal of the same;"

Amendment of section 21, Act XV of 1908. 3. In section 21 of the said Act—

(*a*) to sub-section (2) after the word "landfloods" the following shall be added, namely :—

"and no oil or water mixed with oil shall be discharged in or into any such port, to which any rules made under clause (*ee*) of sub-section (2) of section 6 apply, otherwise than in accordance with such rules";

(*b*) in sub-section (3)—

(i) after the words "such other thing" the words "or no discharges any oil or water mixed with oil" shall be inserted, and

(ii) for the words "or thrown" the words "thrown or discharged" shall be substituted; and

(*c*) in sub-section (5)—

(i) after the words "such other thing" the words "or from so discharging any oil or water mixed with oil" shall be inserted, and

(ii) for the words "or throw it" the words "throw or discharge the same" shall be substituted; and

(*d*) in sub-section (4), after the words "thrown into" the words "or the oil or water mixed with oil is discharged in or into" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

With the increase in the number of oil burning ships the question of the discharge within harbour limits of oil and of water mixed with oil has become of importance. Oil patches float on the surface of the water and are disintegrated very slowly. Besides being an obvious source of danger to boats and lighters loaded with inflammable goods this surface oil is apt to foul the Docks and foreshores, injuriously affecting the piers of vessels, caissons, etc. The question has created situation in several countries, and the discharge of oil or of water mixed with oil within Bombay Harbour was recently under the consideration of the Bombay Port Trust, who wished to pass rules making it compulsory on vessels in the harbour to discharge ballast water mixed with oil into special barges. They were advised that the Indian Ports Act gives no power to Local Governments to formulate rules for the discharge of oil or oily waters in harbours. It is therefore desirable to confer such powers on Local Governments. The Governments of Bombay, Madras, Bengal and Burma all approve of such amendments being made. The amending Bill has been so drawn as to permit of rules being made to cover discharges into harbours of oil or oily water from the shore, which are equally as objectionable as similar discharges from vessels.

SIMLA,

STATEMENT OF OBJECTS AND REASONS.

It has been the long felt desire of the legal profession in India in all its branches to reorganize the legal profession of the country to secure a self-contained and unified independent Indian Bar functioning in the same manner as the sister organizations of Great Britain and the United States. With this object Munshi Iswar Saran brought a Resolution in the Legislature Assembly on the 24th February, 1921, requesting the Government to undertake legislation to remove all distinctions enforced by Statute or by practice between the several branches of the legal profession and the Honourable the Law Member on behalf of the Government was prepared to be guided by definite public opinion in the matter and accordingly undertook to make reference to the Local Governments, High Courts and local bodies in India, and a motion to that effect was accepted by the Assembly. Sufficient time has since elapsed and it is therefore necessary to focus legal public opinion in the matter. The object of the Bill is to create one Indian Bar, and only where the circumstances of a province require it but not otherwise, another for the mofussil districts and at the same time to secure for the profession one single self-contained representative body with powers of enrolment and discipline and regulation of professional conduct and other matters connected therewith.

Dated the 22nd July 1923.

The following Report of the Select Committee on the Bill to consolidate and amend the law relating to the administration of cantonments was presented to the Legislative Assembly on the 18th July 1923:—

"	"	VII.

We, the undersigned, Members of the Select Committee to which the Bill to consolidate and amend the law relating to the administration of cantonments was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

2. In dealing with particular clauses of the Bill, we have omitted reference to amendments which are of a drafting nature or of comparatively small importance.

Clause 2.—In sub-clause (xvi) of the clause we have included venereal disease among the catalogue of infectious or contagious diseases and have made the definition comprehensive instead of merely illustrative as it was before.

Clause 3.—We have here provided a power to exclude from the operation of any particular provision of the Act not only any specified part of a cantonment, but, where necessary, the whole of a cantonment.

Clause 11.—As we understand that it is the intention of the Government of India to decide in each case whether a cantonment should have a Board or not, we see no reason to give the power specifically to the Local Government and leave it to the Government of India a power of superintendence to secure the result which they desire. We have accordingly provided that the Government of India shall themselves issue the notifications referred to in this clause.

Clause 15.—We have made two amendments of this clause to provide, firstly, that in the case of small unimportant cantonments the executive officer may be appointed by some person authorized in this behalf by the Government of India, and, secondly, that the Government of India may empower any particular Board to appoint its own executive officer subject to such conditions as the Government of India may think fit to impose. The object of this latter provision is to enable the powers of Boards to be extended at a later date if circumstances render it necessary or desirable to do so.

Clause 16.—We have altered the proviso to sub-clause (*1*) of this clause in order to give to the Local Governments of the North-West Frontier Province and British Baluchistan discretion to direct that Cantonment Boards or any particular Cantonment Board in their respective provinces shall not include an elected element. We think that this is only reasonable in view of the fact that the elective principle has not yet been generally applied in the case of municipalities in those provinces.

Clause 20.—We have provided that, in the case of a Board including elected members, the Vice-President shall be chosen by those members from among their own number.

Clause 23.—We think that the exercise by the Executive Officer of the emergency powers conferred by this clause should be subject, in the case of a cantonment where there is a Board, to the previous sanction of the President or in his absence of the Vice-President, and we have provided accordingly.

Clause 25.—We have made it clear in sub-clause (*1*) that no person who is subject to military law can be qualified for election as a member of a cantonment Board.

Clause 31.—In the Bill as introduced the power of making rules regulating elections was subject to confirmation by the Government of India. We are agreed that this is unnecessary, and have accordingly omitted sub-clauses (*2*) and (*3*) of this clause.

Clause 34.—We have made a slight alteration in clause (*g*) of sub-clause (*1*) as we think it undesirable that a member of a Board who is a legal practitioner should appear against the Board in any legal proceeding whatsoever; and also we see no reason why the prohibition against his appearance in a suit against the Secretary of State in Council should be limited to cases of suits relating to Government land.

Clause 40.—We see no reason for departing from the usual practice that in the absence, from a meeting of any body, of the President and Vice-President the members present should elect their own chairman.

Clause 45.—We accept the option of one Local Government that the provisions made in this clause for joint action with any local authority should be applicable in the case of any tax and not only in the case of octroi, terminal tax or terminal toll. This involves a certain number of purely consequential amendments in sub-clause (*5*).

Clauses 46 to 53.—The amendments which we have made in these clauses are intended mainly to give a voice in the control of Cantonment Authorities to the General Officer Commanding the District, who has under the original proposals been entirely ignored.

We have also made an amendment in clause 51 in order to confirm the powers of the President in the matter of over-riding decisions of the Board in cases where those decisions appear to him prejudicial to the health, welfare or discipline of the troops. This leaves the District Magistrate to exercise a similar power on behalf of the civil population generally.

Clause 52 (now clause 51).—This clause is re-numbered owing to the omission of the original clause 51 which enabled the Bengal Chowkidari Act, 1856, to be applied to cantonments and which reproduced sections 16 and 17 of the Cantonments Act, 1910. The power in question has not been exercised for many years and is no longer required.

Clause 53 (now clauses 52 and 53).—We have divided this clause into two clauses to avoid a great deal of consequent re-numbering. We have further extended the time for submission of objections to proposals for taxation from 15 to 30 days.

Clause 55.—We have provided in sub-clause (*4*) of this clause that it should be lawful for a person who is compelled to make a payment of tax on account of another person to deduct the amount paid from any rent due by him to such person.

Clause 56.—As the Local Government is to impose taxes in cantonments, there is obviously no need to require the Government of India to prescribe the form of the assessment list.

Clause 72.—We think it unnecessary to require the preparation of a fresh assessment list every year, and have accordingly made it obligatory only once in three years.

Clause 82.—We have re-drafted the first part of sub-clause (*1*) of this clause in order to meet an objection made to the original clause that, as octroi limits are frequently situated some distance inside the boundary of a cantonment, a person would be unable either to pay or tender octroi before introducing it to the cantonment the goods on which the tax is payable.

Clauses 91 and 92.—We have extended the period of grace for payment of a tax bill from 15 to 30 days.

Clause 94.—We have made a slight amendment in sub-clauses (*1*) and (*3*) which will require distrained property, if sold, to be sold by public auction.

Clause 98.—We have added a sub-clause (*2*) to this clause in order to exempt from property taxes certain classes of buildings which are commonly so exempt under municipal enactments.

Clause 109.—We have included among the payments to which priority must be given by a Cantonment Authority the payment of expenses on account of pauper lunatics sent from cantonments to public asylums, to such extent as the Local Government may direct.

Clause 152.—We are agreed that a power should be given under this clause to the Officer Commanding the District to take emergent measures for the prevention of the spread of disease in cases of extreme urgency without having to wait for the previous sanction of the Local Government.

Clause 175.—We have, to a large extent, remodelled this clause in order to provide that, in the case of persons whose circumstances are such as to allow of their medical segregation in their own houses, the Medical Officer concerned shall make the medical examinations at their private residences and shall not subsequently require their detention in hospital. We further think that the Health Officer of a cantonment, as well as the medical officers in charge of cantonment hospitals, should be able to exercise the power conferred by this clause.

Clause 181.—We have reduced from six weeks to one month the period after which a person intending to erect or re-erect a building may, in the case of his application for permission not having been answered, call the attention of the Cantonment Authority to the omission.

Clause 252.—We think that compensation should only be payable in cases where actual loss is caused by the refusal of a Cantonment Authority to allow a building to be re-erected and have provided accordingly. To enact, as was proposed in the Bill as introduced, that compensation should be payable in any case where the refusal is on the ground that the building is unsuitable in plan or design to the locality or is intended for a purpose unsuited to the locality would in our opinion be to invite a systematic blackmail of the Cantonment Authority.

Clause 253.—It has been pointed out that this clause as originally drafted would enable the Cantonment Authority to take under its own control sources of water-supply belonging to a municipality supplying water in the cantonment besides giving somewhat wide powers of confiscation of wells, etc. We have accordingly made the exercise of the powers conferred by this section subject to the sanction of the Local Government.

Clause 254.—We consider it essential that, before cutting off a supply of water from any premises, the Cantonment Authority should give some notice at least of termination.

Clause 259.—We recognise that preventive powers of the nature given in this section are necessary, and we are satisfied that sufficient safeguards against the possibility of misuse are provided, subject to the incorporation of two amendments which we have made. The first of these makes it clear that the person whom it is proposed to expel shall be given an opportunity of hearing the grounds on which his expulsion is considered necessary before being required to show cause under sub-clause (*1*). The second makes it clear that at any inquiry by the District Magistrate under sub-clause (*4*), the person expelled shall be given an opportunity of being heard in his own defence.

Clause 262.—We have amended sub-clause (*2*) of this clause in order to bring it into line with the corresponding clause in the Cantonments (House-Accommodation) Act, 1923.

Clause 266.—We have excepted from the general rule that cognizance is not to be taken of offences otherwise than on complaint by or under the authority of the Cantonment authority, those offences under the Act for which the Police can arrest without warrant.

Clause 269.—We have provided that a licence shall not be cancelled under this clause until the holder has had an opportunity of showing cause.

Clause 291.—This clause puts Government buildings in cantonments on the same footing as Government buildings in a municipality.

3. The non-official members of the Select Committee desire to express the following opinion on two questions of administration connected with the policy which the Bill seeks to introduce. They hold very strongly that the ultimate control of cantonment administration under the reformed system should be exercised by the Government of India in the Army Department, and not by any executive military authority. They also hold that the Executive Officer, though he may be a military officer subordinate to the Army Department, should, like the Cantonment Magistrate of the present, be an officer in civil employ. It is recognized that it would be inappropriate to embody in the Bill provisions on these two points; but they desire it to be recorded that, in agreeing to the Bill as amended, they hope that the further administrative arrangements to be made will conform to the views here expressed.

A Bill to consolidate and amend the law relating to the administration of cantonments.

CHAPTER I.

PRELIMINARY.

Short title, extent and commencement.

Imposition of Taxation.

General power of taxation.

60. The Local Government may, by notification in the local official Gazette, impose in any cantonment any tax which, under any enactment in force on the date of the notification, may be imposed in any municipality within the province.

61. (1) When the Local Government proposes to impose any tax under section 60, it shall, by notification in the local official Gazette, *and in such other manner as it thinks upon last suited for the purpose*, give notice of its intention.

Framing of preliminary proposals.

(2) Every notification issued under sub-section (1) shall specify—

(a) the tax which it is proposed to impose;

(b) the persons or classes of persons to be made liable and the description of the property or other taxable thing or circumstance in respect of which they are to be made liable; and

(c) the rate at which the tax is to be levied.

62. Any inhabitant of the cantonment may, within *thirty* days from the date of the notification under section 61, submit to the Local Government an objection in writing to all or any of the proposals framed therein, and the Local Government shall take any objection so submitted into consideration.

63. After the expiry of *thirty* days from the date of the notification, and after considering all objections submitted thereto under *section* 62, the Local Government may impose the tax either in the original form or, if any such objection has been so submitted, in that form or in such modified form as it thinks fit.

Consideration of objections and imposition of tax.

Definition of "annual value".

64. For the purposes of this chapter, "annual value" means—

(a) in the case of railway stations, hotels, colleges, schools, hospitals, factories and any other buildings *which a Cantonment Authority may under* to assess *under this clause*, one-twentieth of the sum obtained by adding the estimated present cost of erecting the building to the estimated value of the land appertaining thereto, and

(b) in the case of a building or land not *assessed under* clause (a), the gross annual rent for which such building (exclusive of furniture or machinery therein) or such land is actually let or, where the building or land is not let or in the opinion of the Cantonment Authority is let for a sum less than its fair letting value, might reasonably be expected to let from year to year:

Provided that, where the annual value of any building is, by reason of exceptional circumstances, in the opinion of the Cantonment Authority, excessive if calculated in the aforesaid manner, the Cantonment Authority may fix the annual value at any less amount which appears to it to be just.

65. (1) Save as otherwise expressly provided in the notification imposing the tax every tax on the annual value of buildings or lands or of both shall be leviable primarily upon the actual occupier of the property upon which the said tax is assessed, if he is the owner of the buildings or lands or holds them on a building or other lease from the Secretary of State in Council or from the Cantonment Authority or on a building lease from any person.

Incidence of taxation.

(2) In any other case, the tax shall be primarily leviable as follows, namely:—

(a) if the property is let, upon the lessee;

(b) if the property is sub-let, upon the superior lessor;

(c) if the property is unlet, upon the person in whom the right to let the same vests.

(3) On failure to recover any sum due on account of such tax from the person primarily liable there may be recovered from the occupier of any part of the buildings or lands in respect of which the tax is due such portion of the sum due as bears to the whole amount due the same ratio which the rent annually payable by such occupier bears to the aggregate amount of rent so payable in respect of the whole of the said buildings or lands, or to the aggregate amount of the letting value thereof, if any, stated in the authenticated assessment list.

(4) An occupier who makes any payment for which he is not primarily liable under this section shall in the absence of any contract to the contrary, be entitled to be reimbursed by the person primarily liable for the payment, *and, if so entitled, may deduct the amount of any rent from time to time becoming due from him to such person.*

Assessment List.

66. When a tax on the annual value of buildings or lands or both is imposed, the Cantonment Authority shall cause an assessment list of all buildings or lands in the cantonment, or of both, as the case may be, to be prepared in such form as the *Local Government* may by rule prescribe.

Assessment list.

67. When the assessment list has been prepared, the Cantonment Authority shall give public notice thereof and of the place where the list or a copy thereof may be inspected, and every person claiming to be the owner, lessee or occupier of any property included in the list, and any authorised agent of such person, shall be at liberty to inspect the list and to make extracts therefrom free of charge.

Publication of assessment list.

68. (1) The Cantonment Authority shall, at the same time, give public notice of a date, not less than one month thereafter, when it will proceed to consider the valuations and assessments entered in the assessment list, and, in all cases in which any property is for the first time assessed or the assessment is increased, it shall also give *written* notice thereof to the owner and to any lessee or occupier of the property.

Revision of assessment list.

(2) Any objection to a valuation or assessment shall be made in writing to the Cantonment Authority before the date fixed in the notice, and shall state in what respect the valuation or assessment is disputed, and all objections so made shall be recorded in a register to be kept for the purpose by the Cantonment Authority.

(3) The objections shall be inquired into and investigated, and the persons making them shall be allowed an opportunity of being heard, either in person or by authorized agent, by an Assessment Committee appointed by the Cantonment Authority.

(4) The Assessment Committee shall consist of not less than three persons, and, where there is a Board, it shall not be necessary to appoint to the Assessment Committee any member thereof.

69. (1) When all objections made under section 68 have been disposed of and the revision of the valuation and assessment has been completed, the assessment list shall be authenticated by the signatures of the members of the Assessment Committee who shall, at the same time, certify that they have considered all objections duly made and have amended the list so far as is required by their decision on such objections.

Authentication of assessment list.

(2) The assessment list so authenticated shall be deposited in the office of the Cantonment Authority and shall there be open, free of charge, during office hours to all owners, lessees and occupiers of property comprised therein or the authorised agents of such persons, and a public notice that it is so open shall forthwith be published.

Evidential value of assessment list.

76. Subject to such alterations as may thereafter be made in the assessment list under the provisions of this chapter and to the result of any appeal made thereunder, the entries in the assessment list authenticated and deposited as provided in section 75 shall be accepted as conclusive evidence—

(i) for the purpose of assessing any tax imposed under this Act, of the annual value or other valuation of all buildings and lands to which such entries respectively relate, and

(ii) for the purposes of any tax imposed on buildings or lands, of the amount of such tax leviable thereon during the year to which such list relates.

Amendment of assessment list.

77. (1) The Cantonment Authority may, at any time, amend the assessment list by inserting the name of any person whose name ought to have been or ought to be inserted, or by inserting any property which ought to have been or ought to be inserted, or by altering the assessment on any property which has been erroneously valued or assessed through fraud, accident or mistake, whether on the part of the Cantonment Authority or of the Assessment Committee or of the assessee, or, in the case of a tax payable by an occupier, by a change in the tenancy, after giving notice to any person affected by the amendment of a time, not less than one month from the date of service, at which the amendment is to be made.

(2) Any person interested in any such amendment may tender an objection to the Cantonment Authority in writing before the time fixed in the notice, and shall be allowed an opportunity of being heard in support of the same in person or by authorised agent.

Preparation of new assessment list.

78. The Cantonment Authority shall prepare a new assessment list *at least one in every three years*, and for this purpose the provisions of sections 66 to 71 shall apply in like manner as they apply for the purpose of the preparation of an assessment list for the first time.

Notice of transfer.

79. (1) Whenever the title of any person primarily liable for the payment of a tax on the annual value of any building or land to or over such building or land is transferred, the person whose title is transferred and the person to whom the same is transferred shall, within three months after the execution of the instrument of transfer or after its registration, if it is registered, or after the transfer is effected, if an instrument is executed, give notice of such transfer to the Executive Officer.

(2) In the event of the death of any person primarily liable as aforesaid, the person on whom the title of the deceased devolves shall give notice of such devolution to the Executive Officer within six months from the death of the deceased.

(3) The notice to be given under this section shall be in such form as the Executive Officer may direct and the transferee or other person on whom the title devolves shall, if so required, be bound to produce before the Executive Officer any documents evidencing the transfer or devolution.

(4) Every person who makes a transfer as aforesaid without giving such notice to the Executive Officer shall continue liable for the payment of all taxes assessed on the property transferred until he gives notice or until the transfer has been recorded in the registers of the Cantonment Authority, but nothing in this section shall be held to affect the liability of the transferee for the payment of the said tax.

Notice of erection of buildings.

80. (1) If any building is erected or re-erected within the meaning of section 179, the owner shall give notice thereof to the Executive Officer within thirty days from the date of its completion or occupation, whichever is earlier.

(2) Any person failing to give the notice required by sub-section (1) shall be punishable with fine which may extend to fifty rupees or ten times the amount of the tax payable on the said building, as erected or re-erected, as the case may be, in respect of a period of three months, whichever is greater.

Remission and Refund.

Demolition, etc., of buildings.

81. If any building is wholly or partly demolished or destroyed or otherwise deprived of value, the Cantonment Authority may, on the application of the owner, remit or refund such portion of the tax *payable thereon* as it thinks fit.

Remission of tax.

82. In a cantonment other than a hill cantonment, when any building or land has remained vacant and unproductive of rent for ninety or more consecutive days during any year, the Cantonment Authority shall remit or refund as the case may be, such portion of the tax *payable thereon* in respect of that year as may be proportionate to the number of days during which the said building or land has remained vacant and unproductive of rent.

Power to require entry in assessment list of details of building.

83. For the purpose of obtaining a partial remission or refund of tax, the owner of a building composed of separate tenements may request the Cantonment Authority, at the time of the assessment of the building, to enter in the assessment list, in addition to the annual value of the whole building, a note recording in detail the annual value of such separate tenement. When any tenement, the annual value of which has been thus separately recorded, has remained vacant and unproductive of rent for ninety or more consecutive days during any year, such portion of the tax *payable* in respect of that year on the whole building shall be remitted or refunded as would have been remitted or refunded if the tenement had been separately assessed:

Provided that no such remission shall be made unless notice in writing of the circumstances in which it is claimed has been given to the Cantonment Authority, and no remission or refund shall take effect in respect of any period commencing more than fifteen days before the delivery of such notice.

What buildings, etc., are to be deemed vacant.

84. (1) For the purposes of sections 76 and 77 no building, tenement or land shall be deemed vacant if maintained as a pleasure resort or town or country house, or be deemed unproductive of rent if let to a tenant who has a continuing right of occupation thereof, whether he is in actual occupation or not.

(2) The burden of proving all facts entitling any person to claim relief under section 75 or section 76 or section 77 shall be upon him.

Notice to be given of every occupation of vacant building or house.

76. (1) The owner of any building, tenement or land in respect of which a remission or refund of tax has been given under section 75 or section 77 shall give notice of the reoccupation of such building or land within fifteen days of such re-occupation.
